“Top travel consultant & destination specialists”

The Africa Adventure Company is proud of the reputation we have earned on the African continent over the past 22 years. As top travel destination specialists with **first hand knowledge of traveling to Africa** we will be able to guide you through the many choices of planning a safari.

The key is to understand the personal experience each individual wants in Africa, then to match those experiences wanted by you the client, with the optimum itinerary. This can be accomplished only if the person advising the client has **extensive on-site experience** in all the safari countries.

Our safari consultants approach every safari that we book as if it will be your only trip to Africa. This way we ensure that for those of you who may only travel to Africa for a once in a life-time trip, that your experience is the best and ideally suited to your personal expectations.

Spending valuable time chatting with you about your goals and desires on a safari is tremendous and it is so helpful that we have already been there as we can really zone in on the perfect safari for you. After speaking, a selected itinerary program may be perfect for you or **we may develop a customized proposal**, taking the time to bring all your personal wants into the trip.

The Africa Adventure Company continues to offer the best value prices and best personal service. We would love to work with you to plan and book your **“safari of a lifetime”** experience!
