

Hello Kyle and all of staff at your office.

Where to begin??? We feel so fortunate to have experienced a second "trip of a lifetime" arranged by you!!! It was a remarkable trip, and all went very smoothly as it did in 2014. Local ground operators were excellent. We had amazing drivers in Johannesburg for the short time we were there who went above and beyond teaching us history and pointing out sights. At each point, we were met with very welcoming individuals.

The Botswana mobile tented camping was beyond amazing! We had no idea that we would be the only guests at the two campsites. Our guide, Brian Gibson was phenomenal!! His expertise and enthusiasm were so exceptional. His wife Hildrene kindly greeted us at the Maun airport. I am struggling to find words to describe how wonderful our time with Brian was. The campsites were great, comfy beds, food, wildlife viewing, staff, all so excellent and awe inspiring! A lioness swimming, wild dogs puppies, countless birds, geology and astronomy lessons, so many highlights! We just cannot say enough about Brian and the whole experience there in Moremi and Khwai.

We had an incredible trip, and are so appreciative of the assistance you provided. So many details to be worked out!!

Thank you very much!!

Kathy and Bill Morin, July 2016
