

Youth Nutrition and Water Program at Lake Eyasi (LEYNAWP)

This initiative has become a special cause adopted by the AAC staff, working hand-in-hand with Anita and Finias at Ziواني Lodge (Lake Eyasi, Tanzania).

In early 2019, LEYNAWP was able to purchase two huge water storage tanks and install them at Langhangereri Village Primary School, providing running water for the ablution block and sinks. These tanks also enable irrigation so that shade trees can be watered, and vegetables can be grown for nutrition. Each child in the school received new uniforms including shorts or skirt, shirt and jersey.

We are aiming even higher for 2020! The fund raising and 'Secret Santa' donations from the AAC team and some very generous clients will provide a hot porridge breakfast for the school throughout 2020. It's a big undertaking, but one the AAC team is excited to be a part of.

You can be a part of it too by including a stay at Ziواني Lodge in your Tanzanian safari. There is an opportunity to give back to the community and visit the Langhangereri Village, the Primary School and local clinic. Please ask for details.

April 2023 - Update

The Pollack/Wong Family visited the school in 2022 and were so inspired by the children and teachers that they started a non-profit to earn funds to help these children and give them a chance for a brighter future. Their annual fundraiser, the “**Crawfish for Cause**” raised money to build a new kitchen.

Below are photos of the building progress.
