Trip Report:

It was an amazing trip! We lucked out with the weather - no rain. The other British couple (only 3 others in the group, the last a young German woman, all nice which made the trip enjoyable) had been on a similar tour with Letaka last March and loved it so much they came again. In Moremi we saw lots including a leopard with two one year old cubs. The night drives in Khwai were wonderful, another leopard drinking, as well as the boat ride in Chobe. I was also able to get a jumpy video of two lions mating right next to our front wheel! Our guide Lucas was really great and it is amazing what they can cook over a fire, even made us an anniversary cake.

Thanks for your help in arranging it.
