The remaining 40 rooms are located on a secluded island and views include the private waterway that surrounds the island. All rooms and suites have pillow selection menu, aromatherapy turndown menu, dvd player, mini-bar and complimentary WiFi access.

The hotel features some exciting new restaurants including Nobu (famous Japanese restaurant), Isola (poolside bar and restaurant), and the Vista Bar (with amazing views of Table Mountain). Kruger National Park is the largest South African game park and has more species of wildlife than any other game sanctuary in Africa. Along the western border of Kruger a number of privately owned wildlife reserves are located. A very important advantage private reserves have over national parks is that private reserves use open vehicles, which give not only a better view but also a more authentic feel of the bush.

At most reserves, a game tracker sits on the hood or the back of each vehicle. Drivers are in radio contact with each other, greatly increasing the chances of finding those species that safariers want to see most. The reserves are home to large populations of elephant, buffalo, Burchell's zebra, greater kudu, giraffe, impala, white rhino, black rhino, hippopotamus, lion, leopard, cheetah, wild dog among others. Vehicles may leave the road to pursue game through the bush. Night drives, provide an opportunity to spot nocturnal animals rarely seen during the day.

DAY 09 MPUMALANGA/LIVINGSTONE/VICTORIA FALLS or UPPER ZAMBEZI

Morning transfer to Mpumalanga Airport for your scheduled inter-Africa flight to Livingstone, Zambia. On arrival you will be met and transferred across the border to Victoria Falls, Zimbabwe and your lodge.

The world-famous Victoria Falls were discovered in 1855 by Scottish explorer, David Livingstone. As news of the falls spread it attracted traders and a small settlement, originally called “Old Drift” was established on the Zambian side of the falls. A bridge was built over the Zambezi Gorge as part of the Cape-to-Cairo railway in 1902 making it possible for people to visit the village of Victoria Falls. In 1906 the iconic Victoria Falls Hotel was built and put the thriving village on the map. It officially became a town in 1972. Today it is the jumping off or finishing point for many safaris and offers a variety of exciting activities such as world-class white water rafting and elephant interactions.

The afternoon is a good time to view the falls (park entry fee US\$30 per person).

Victoria Falls is approximately 5600 feet wide, twice the height of Niagara Falls, and one and one half times as wide. It is divided into five separate waterfalls: Devil's Cataract, Main Falls, Horseshoe Falls, Rainbow Falls and Eastern Cataract, ranging in height from 200-355 feet.

Fortunately the area immediately around the falls has not been commercialized, and there are unobstructed views from many vantage points connected by paved paths. Be prepared to get wet as you walk through the rain forest surrounding the falls, a result of the continuous spray. A path called the Chain Walk descends from near Livingstone's statue into the gorge of the Devil's Cataract, providing an excellent vantage point.

Please Note there is a luggage limit of 44lbs (20kg) per person on the charter flight so please pre-pack your luggage accordingly in a soft-sided bag. Scheduled Charter flights times are estimates and may include multiple stops.

The Okavango Delta, covering over 6,000-square-miles (15,000-km²), is a natural mosaic of palm-fringed islands, open savannah, flowing rivers, crystal-clear lagoons and floodplains sprinkled with water lilies, and gigantic baobab and jackalberry trees.

The Okavango River originates in the central African highlands, located in Angola which is about 600 miles (1,000 km) northwest of Botswana, then it fans out into the Kalahari Desert to create a vast system of thousands of waterways, separated by innumerable islands, and it eventually disappears into the Kalahari sands.

Game viewing for the larger land mammal species is excellent in many parts of the Delta. Large herds of buffalo, elephant, giraffe and a variety of antelope are often seen. Lion, leopard, cheetah and other predators are also frequently encountered. Hippo and crocs are found in the waterways and bird lovers will relish the incredible variety.

The multi-tiered dining room and lounge is the centerpiece of the camp and ideal place for guests to meet over sundowners.

Activities are both water and land-based and include game viewing by open-vehicle game drives, mokoro and motorboat as well as guided bush walks. Fishing is available from March to December (basic equipment supplied)

The Jao is a concession area on the western side of Moremi and is part of the Okavango Delta System which covers over 6,000-square-miles (15,000-km²). The area has a large range of habitats ranging from open flood plain to permanent waterways and lagoons and is said to have Botswana's highest concentration of lions. Lion, leopard, cheetah, wild dog, buffalo and elephant are all found in this area, as well as good concentrations of zebra, wildebeest, giraffe and all the plains game.

Jao Camp is a premier property with nine large and spacious rooms. Each of the unique canvas and thatched suites has been handcrafted under the direction of renowned architects Sylvio Rech and Leslie Carstens. The rooms are built under a canopy of shady trees and feature twin beds, en suite bathroom, hot and cold running water, a large bath and double vanity. There is an additional outside shower under the stars for those more adventurous who want to shower closer to nature. An outdoor "sala" invites you to enjoy midday siestas with a view and a breeze. Rooms are raised off the ground and offer wonderful views of the surrounding flood plains. A raised walkway connects the rooms to the dining room and lounge area.

Activities include day and night game drives in open vehicles, mokoro (dugout canoe) trips to explore the crystal clear channels, islands and waterways (water levels permitting). There is also a spa facility.
Accommodation: Jao Camp (Full Board)

OR

The Vumbura area is possibly the only area in the Okavango where one can see red lechwe (an animal that inhabits the fringes of the waterways) and a sable antelope (an animal that enjoys the dry countryside) on the same game drive. Add in lion, leopard, elephant, cheetah and buffalo along with all the plains animals and one has an excellent all round wildlife experience in a remote and private part of the Okavango.

Vumbura Plains Camp is a premier tented camp in a private concession bordering the Moremi Game Reserve in the extreme north of the Okavango Delta. Vumbura Plains has 14 luxury tents, split into two separate camps which are linked by raised walkways. These individual camps each have its own dining area, lounge and bar area. The camp's designer suites are raised off the ground giving you incredible views of the surrounding floodplains. Each suite has a large, comfortable bedroom, a lounge, a "sala" and en suite facilities with a shower, bath, a flush toilet, an outdoor shower under the stars, and a plunge pool.

The 130,000 acre private reserve offers both land and water activities. Open 4x4 Land Rovers allow close proximity to animals in the savannah and forested areas. Walks and mokoros give guests the opportunity to enjoy time out of a vehicle.

Trip Reports:

We had the most amazing time! Each place we visited was unique and so fun. All of our guides, including Andrew, were fantastic. We absolutely loved Londolozi.

Thank you again for all your help!!

Trip & Claudia Wray, Aug 2017

We all agreed that you are a genius. The trip worked perfectly finishing in Londolozi. It would've been a let down to do it in reverse. No where can compare to Londolozi. It really is a magical place. I know it sounds corny but I get choked up just thinking about it. We can't wait to go back!

Jane Hettrick, June 2017

Vumbura Plains Camp is, quite simply, incredibly beautiful. The room was the best room I have ever stayed in. The drives were great. The staff were pros. It was complete luxury.

Karen Russo, June 2017

We have just returned from our third safari trip to Africa, our second arranged by Africa Adventure Company. Everything went like clockwork, as it did last time. This trip we went to Botswana, to Vumbura Plains and Mombo Camp, and returned to Linkwasha Camp in Zimbabwe, stopping for one night at Elephant Camp in Victoria Falls on the way. We love to share our experiences with friends and others who are interested in African wildlife and the wonderful people involved in conservation.

We had great times at all these places, and saw amazing numbers of all the animals (except the elusive rhino, which we are hoping to see on our next trip). Our accommodations were all different from each other, all very comfortable, all with gorgeous views and kind, skillful staff. We can't say enough about Africa Adventure Company: Every detail was taken care of, including a personalized pre-trip information spiral-bound book that was invaluable to us. We are planning a return trip with them in 2018.

Sincerely, Mary Lee Moser & Karl Newmeyer, Feb 2017
