**Trip Reports:**

My son and I had a fabulous safari in Tanzania, due primarily to Mkenda, our wonderful guide who always seemed to have us in the right location at the right time! He was patient with our questions and seemed just as excited at what we were seeing as we were. Sometimes, we felt like we were tagging along on his safari, which is wonderful attitude for someone who has been guiding for years! We love Mkenda and he made this the trip of a lifetime. Each day we said it couldn't get much better and each day it just gets better and better!

**Marsha Erickson**

We want to give major kudos to *Lemala Kuria Hills* and the managers, Tansi and Rich. They went above and beyond in making our stay with them special. Our accommodations here were comfortable and charming. The meals were great and the vistas from the lodge and the tents were breathtaking (especially when we did sundowners up on the rock - see attached picture). I would highly recommend this place to everyone!...

We also had a great time with at the *Serengeti Shared Explorer Camp* - wildebeest right at the camp in the morning and a cape buffalo outside our tent one night (though the latter is probably not a good thing :). We sat around the fire at night and looked at the night sky filled with stars. It was lovely. The Maasai, Matata, who escorted us was really nice and funny - and was always on the watch for our safety.

Warmest regards,

**Debra & George Bergeris**
