Dear Adventurer:

As Africa continues to become an increasingly popular destination, the quality and diversity of experiences have increased as well. Part of this can be attributed to the broadening of the definition of a “luxury safari.” No longer does it solely mean superior rooms, dining and amenities. Nowadays, it also includes extraordinary experiences outside your lodge, camp or hotel. At the Africa Adventure Company (AAC), we believe a “luxury safari” is experiencing the “real Africa,” not simply just seeing wildlife. Well, what does that mean exactly?

For some, this could be stepping out of your vehicle to observe wildlife in a completely different way. Several examples of this include joining a guide on a walk, boat cruise or a canoe ride. It could also mean hiking or even quad-biking to less accessible areas. For those keen for a bird eye’s view, a hot-air balloon ride. For others, it means the pursuit of the most unforgettable sunset, a relaxing and replenishing spa, or an infinity pool offering magnificent scenery and armchair wildlife views. For more still, a “luxury safari” is a journey that offers the most rewarding opportunities to learn about and assist local communities in meaningful ways.

Whatever you believe is the best way to experience the “real Africa,” our award-winning safari consultants are waiting to help. Over the years, the choices our clients face have become more confusing and overwhelming. That’s why it’s so heartwarming that past clients come back to us and book new safaris: they continue to put their faith in us to deliver them memorable journeys customized to their interests.

Don’t just take our word for it. Publications such as Travel+Leisure, Conde Nast Traveler, and National Geographic continue to recognize us as a Top Africa Travel Specialist. But we don’t rest on our laurels. Even after more than 30 years in the business, we are constantly looking to enhance our clients’ experience both in the planning stages of their journeys and during the journeys themselves. This means staying on top of our game with the strategic partnerships we have formed in the tourism and conservation industries, while also finding exciting new wildlife areas and accommodations.

Before you contact one of our safari consultants, we suggest that you first read through this SAFARI PLANNER. This is an excellent introduction to familiarize you with the countries, wildlife areas, accommodations and experiences that we offer. We’d also suggest you obtain a copy of the 9th Edition of “Africa’s Top Wildlife Countries” - the quintessential African travel guide book authored by AAC’s President: Mark Nolting.

Now, you’re sure to succeed in crafting a customized “luxury safari” to Africa with one of our passionate, knowledgeable safari consultants. In closing, we’d like to thank our past clients. Just by travelling with us, you have contributed to protecting wildlife and improving the quality of life for the people who live and work near them. AAC remains committed not only to the future of the safari travel industry, but to the community we call home as well.

Cordially,

Mark and Alison Nolting

WHY AFRICA?

A safari to Africa is like no other trip on earth. A safari is a real adventure! Going on a photographic African safari is a donation, in itself, toward conserving African wildlife and habitats, and can be the most enjoyable and rewarding environmental contribution you will ever make.

Venturing to Africa will be your introduction to the success of conservation by local communities. Safaris have traditionally been easy on the environment but conservationists have developed it even further. Tourism to these remote corners of Africa has a positive and sustainable effect on the local communities through park entrance fees, licenses, concessions and employment. Camps are using natural resources such as solar power instead of generators.

It feels good investing your vacation time in supporting camps and lodges that have made great strides in ecotourism!

The Premier Wildlife Viewing Destination

Safari-goers can choose to view large and spectacular wildlife, unique to this fascinating continent, in its natural surroundings. The finest safaris, however, are not simply those that provide the thrill of seeing wildlife, but those that explore the whole ecosystem and capture the true spirit of the African wilderness. Animal-watching excursions are best when they include parks and reserves that are not crowded and offer more of a feeling of being in the bush. To truly become an integral part of the safari, it is important to include reserves that also allow travelers to participate in activities such as walking, boating and canoeing. Smaller camps and lodges that are unfenced and that allow wildlife to walk freely about the grounds can also add to an adventurer's "in the bush" experience.

Africa boasts such a tremendous variety of attractions that everyone can find something fascinating to see. In addition to fabulous wildlife, the continent boasts one of the world's largest waterfalls (Victoria Falls), the world's largest inland delta (Okavango Delta), the world's largest intact volcanic caldera (Ngorongoro Crater) and the world's highest mountain that is not part of a range (Mt. Kilimanjaro). Africa is also home to the world's largest animal migration - the Great Serengeti Migration - a movement of over 1.5 million wildebeest and zebra.
5 Points of Value to Our Trip Planning

The Africa Adventure Company (AAC) skillfully organizes and implements excellent, value-added safaris. Our reputation is based on matching your style of travel to a high-quality wildlife, featuring outstanding game viewing and guiding. Begin by discussing several destination and trip ideas with one of our safari consultants. Then decide if you prefer booking a pre-designed program, or alternatively, CUSTOMIZE YOUR OWN TRIP. During this process, we adhere to these 5 Core Values:

1. **Listen First, Advise Later:** As professional travel consultants we listen and hear what is important to you and can make educated suggestions.
2. **Know-How:** The value we add comes from our frequent visits to Africa: We’ve personally tested all the accommodations and activities. That way you know what's worth paying more for, and what’s not.
3. **Details, Details:** You never have to worry about any of the logistical details, because they are already anticipated and provided for.
4. **Special Relationships & Access:** Thanks to the personal relationships we’ve nurtured with key people in the industry, our clients get preferential treatment and access to accommodations, guides and events unavailable online and from other tour operators.
5. **Alert 24/7:** And our utmost value is in how we come to the rescue 24/7, should anything go wrong. In short, we give discerning travelers what they cannot get from the Web-based companies, and at no extra cost.

Who will be your guides on Safari?

A vital aspect of the safari experience is the quality of your guide. Our stellar reputation has been built over the years on the value we provide, not only do we make sure to assign our clients the best guides from the lodges and ground operators we partner with, but also develop our own network of private guides.

We are very involved in supporting guides at the grass roots level, and run and support guide initiatives, recognizing wildlife naturalists who excel at the highest level. We love the cross-pollination of culture that happens when clients travel to Africa and support our company philosophy of using guides employed from local communities.

Featured here are our six favorite private guides for 2020:
Mark Nolting is the author of “Africa’s Top Wildlife Countries” and top expert on panels for Travel+Leisure and Condé Nast Traveler. Mark offers exceptional knowledge of traveling in Southern, Eastern and Central Africa and excels in matching you to key guides who he has known in the industry during the past 33+ years.

Alison Nolting grew up in Africa, worked in a safari camp and has traveled with Mark and their two boys as a family for the past 26 years. Alison uses her experience to get you there time and again. Her passion is to work with families on safaris to Tanzania, Botswana and Zimbabwe. Gorilla trekking in Uganda is one of her favorite activities in Africa!

Kyle Witten joined AAC in 2005. He has a passion for matching your style of travel to the perfect camp experience. From over the top luxury to down-to-earth bush bucket showers, there is something for everyone and his attention to detail is fabulous, making him one of the best in the travel industry! Kyle uses his 13 years’ experience and the long-term relationships with camp managers and ground operations to make the impossible possible!

Szilvia Hegyi has been part of the Africa Adventure Company for over ten years. She combines a creative-touch, meticulous service, and a diligent work ethic to offer her new and repeat clients unforgettable trips. Her most recent safari took her to the most remote areas of Namibia. Szilvia’s favorite experiences on safari include Gorilla trekking, walking with elephants in Mana Pools and mobile tenting at the Skeleton Coast.

Lynne Glasgow offers 30 years of high-quality travel consulting. Originally specialized in the southern region of Africa, Lynne has broadened her excellent first-hand knowledge to now include the eastern countries of Kenya and Tanzania since joining the Africa Adventure Company. Seeing the Great Migration on the plains of the Serengeti and visiting local school children are two of her biggest highlights while on safari. As General Manager, Lynne is also an essential part of our Operations Team.

From South Africa, Elena Theodosiou has spent many years with AAC. Since joining, she has come to epitomize the personal, meticulous attention to craft the perfect safari experience for her clients. She has traveled extensively throughout Africa, most recently to Kenya and Tanzania. Elena’s multiple trips with her children (now young adults) make her an excellent resource for planning family & multi-generational trips. She specializes in trips to South Africa, Tanzania, Kenya, Botswana and Namibia, and is our office expert on Madagascar.

Jessica Fraser brings over 20 years of experience in the travel industry. When abroad, Jessica finds the most authentic experience possible. Her attitude is the same as a consultant: giving her clients the time and attention needed for a safari of a lifetime! Her most memorable experiences include canoeing in Mana Pools, bush walks with the Maasai in Amboseli, stargazing in the Mara, and an archaeological adventure while cruising on the Nile! Additionally, Jessica is our office expert for beach honeymoons.

Kollin Buchholz joined AAC in 2013. He grew up in a family who love history, wildlife and adventurous travel. He was instantly hooked by Africa when he visited for the first time. Since then he’s visited Botswana, Namibia, South Africa, Tanzania and Zimbabwe. In particular, he believes Namibia “was the most surprising and fascinating destination I’ve ever seen, sure to exceed anyone’s expectations”. As a travel consultant, Kollin enthusiastically and seamlessly matches travelers with once in a lifetime experiences.
Accommodations Classification Factors

1) Accommodation Type
   • Hotels
   • Lodges
   • Permanent Tented Camps
   • Seasonal and Mobile Tented Camps

Here are some general rules when considering Accommodation Type:
   • Service & cuisine quality is generally inversely related to the # of units at an accommodation: the smaller the accommodation, the greater the personal attention
   • Safari “authenticity” is greatest in Seasonal Mobile and Permanent Tented Camps. Hotels and Lodges are typically less “authentic”
   • Lodges and Hotels will have more amenities (pools, spas, gyms, etc.), except at the Premier-level Permanent Tented Camps
   • The higher-end Seasonal Mobile Tented Camps will have en suite bathrooms and, are most likely be fan-cooled

2) Accommodation Quality

Premier:
   • Overall: Extremely luxurious & spacious; Lodges and chalets are air-conditioned, while tents are air-conditioned or fan-cooled
   • Service & Cuisine: Excellent & extremely personalized
   • Amenities: All have pools, some units have private plunge pools; most have spas & gyms

Classic:
   • Overall: Deluxe & spacious; Lodges are air-conditioned, tents are usually fan-cooled
   • Service & Cuisine: Great, with a high degree of personalization as many are owner run and managed
   • Amenities: Most have pools, some have spas & gyms

Vintage:
   • Overall: Good & fairly spacious; no air-conditioning, but will have fans; some locations may be in a sub-standard wildlife viewing area
   • Service & Cuisine: Good, but not as specialized
   • Amenities: Many have a swimming pool

Adventurer:
   • Overall: Comfortable & adequately spacious; most have fans
   • Service & Cuisine: Good
   • Amenities: It is all about the wildlife!
Choosing Your Safari Style

The next step in planning your safari is to decide on degree of privacy, your guides and transportation.

Driving vs. Flying Safari

1) Driving Safari
- Guests are driven and hosted by their driver/guide through all the wildlife areas
- You will generally have the same guide throughout the trip with good knowledge of all the places you will visit
- Option to get a private, high-quality specialist guide
- Most often in Tanzania, Uganda, Namibia and Botswana

2) Flying safari
- Guests are flown to or near wildlife areas and then transferred to their lodge/camp
- Resident guides are based at the camps/lodges you will stay at and have an extensive knowledge of the area to be visited
- Typically independent and private trips, though group itineraries are offered with a specialist tour leader

Group vs. Private Departure Safari

1) Group Safari
- Pre-Scheduled Destinations & Pre-Selected Accommodations
- Optimal Group Size: 6 - 12
- Allows some Guided Safaris to be more affordable

2) Private Departure Safari
- Create a Customized Itinerary, based on your choice of Departure Date, Destinations & Accommodations
- Allows couples, family or a group of friends greater privacy & comfort
- Can be either a Driving or Flying Safari, or a combination
Game Viewing, Wellness & Adventure Activities

Your primary activity while on safari will be game viewing. Typically, game viewing activities will be twice per day, each 3-5 hours long. The three main ways for game viewing are by vehicle, boat or canoe, and on foot. The best time of day for game viewing is during the early morning and late afternoons, as wildlife is both most active and photogenic at these times! Each wildlife area and the camps/lodges within them vary in what and when activities are allowed, so make sure to check with your safari consultant!

1) Game Viewing by Vehicle

Open Vehicles: With no sides, rear windows or a permanent roof, these vehicles provide great, unobstructed views; common in Southern Africa

Roof Hatch or Pop Top Vehicles: Passengers stand up through the hatch for views, or look out the window; common in East Africa

2) Game Viewing by Boat

This is an excellent way to see wildlife from a new angle and see behaviors and interactions you would not see by vehicle or on foot

Motorboat: Choose a boat based on comfort or photography-friendliness; offered in Zimbabwe, Botswana, Zambia, Tanzania, Uganda, Ethiopia and Namibia

Canoe: Thrilling and active “safari authentic” activity offered in Zimbabwe and Zambia

Mokoro: glide along the placid surface of the Okavango Delta in a dugout canoe (Botswana)

3) Game Viewing on Foot

Walking: Approaching elephant, rhino and other wildlife on foot is the ultimate thrill on safari; best in Zimbabwe and Zambia, but also offered in Botswana, South Africa, Namibia, Kenya and Tanzania

Trekking: In Tanzania, you can go chimpanzee trekking; In Rwanda and Uganda, you can both chimpanzee and gorilla trek

4) Wellness Activities

Consult with your safari consultant to find out where the following activities are available:

• Organic & Hyper-Local Food • Beach or Island Getaway • Yoga and Meditation
• Therapeutic Spa and Massages • Voluntourism • Poolside Lounging

5) Active & Thrilling Activities

Consult with your safari consultant to find out where the following activities are available:

• Shark Diving • Horseback Riding • Hot Air Balloon Rides • Tribal & Village Visits
• Hiking Trails • Kayaking • Fishing • Scuba Diving • Snorkeling • Bungee Jumping
• Whitewater Rafting • Biking • Kili Climb

13 Day - Zimbabwe & Botswana with Nic Polenakis
Traverse some of the most beautiful and diverse areas on foot, canoe and vehicle with outstanding and extremely experienced guide, Nic Polenakis.
Set between the tropical Indian Ocean and the two arms of the Rift Valley, Tanzania is one of Africa’s most scenically beautiful countries. It also has some of the most extensive protected areas including the fabled Serengeti. The landscape rises from sea level to 19,000 feet (5,894 m) at the summit of Mt. Kilimanjaro. Covering 365,000-square-miles (945,000-km²), Tanzania is about the same size as Texas and Oklahoma combined. The population numbers some 59 million, with Dodoma as the administrative capital. The famous port city of Dar es Salaam has been a key trading center for centuries. KiSwahili is the most widely spoken language, but English is also commonly used. Currency is the Tanzanian Shilling.

Tanzania Country Highlights

- Tanzania is considered by many experts as one of the two top wildlife countries on the continent.
- Take your front row seat on the Serengeti plains to witness the Great Migration spectacle.
- Experience a world-class luxury Seasonal mobile camp in the Serengeti.
- Descend into the Ngorongoro Crater, the largest caldera in the world, for a day of game viewing and opportunity to see the “Big Five.”
- Climb Mt. Kilimanjaro – the highest peak in Africa.
- Spend time with the Hadzabe Bushmen, the Datoga and the Maasai.
- Fly to the Selous and experience guided walking safaris and game viewing by boat.
- Trek chimpanzees at Mahale or Gombe.
- Leave the crowds behind at remote Katavi or Ruaha or Grumeti Reserve.
- Finish your safari adventure with a beach getaway on Zanzibar or one of Tanzania’s numerous charming islands – the pinnacle of barefoot luxury.

From the warm tropical waters of the Indian Ocean, to the icy heights of Mount Kenya at 17,058 feet (5,199 m), this is truly “a world in one country.” Desert and arid savannah prevails in the northern frontier and southeast, while remnant forests extend over the high country and wetter west. Covering 225,000-square-miles (582,750-km²), Kenya is about the same size as Texas or France. The population numbers some 51 million, with over 3.5 million in the capital city of Nairobi. KISwahili and English are the official languages. Currency is the Kenyan shilling.

Kenya
Country Highlights

- See the Great Serengeti Migration and game view at Kenya’s most popular reserve: the Maasai Mara.
- Sunrise balloon safari across the Maasai Mara.
- Tour multiple wildlife areas to check off the “Big Five.”
- Sundowners in Amboseli, at ol Donyo Lodge or at Campi ya Kanzi near Chyulu Hills with Mt. Kilimanjaro in the background.
- Visit the private reserves of northern Laikipia.
- Accompany Maasai or Samburu guides on a nature walk or see both black and white rhinos.
- Get up close and personal with a baby elephant at Sheldrick Elephant Orphanage in Nairobi.

Namiri Plains, a luxurious tented camp in the east-central Serengeti
Straddling the equator, Uganda is a verdant country once referred to as the “Pearl of the British Empire in East Africa.” Most of Uganda is an upland plateau averaging 3,000 feet (1,000m) above sea level. With the enormous Lake Victoria occupying the southeastern part of the country, and numerous other Rift Valley lakes as well as the mighty Nile River, one-sixth of Uganda is fresh water. Approximately the size of Oregon (or Great Britain), Uganda covers 93,000-square-miles (240,000-km²). Almost all of the 44 million population are either subsistence farmers or employed in agriculture. Kampala is the capital city with over 1.5 million inhabitants. Kiswahili and English are the main languages. Currency is the Ugandan Shilling.

Uganda
Country Highlights

- A safari to Uganda is like visiting your own Garden of Eden. The parks have fewer tourists, and can offer a comparable diversity of game viewing experiences.
- Bwindi Impenetrable Forest is known the world over for mountain gorilla trekking. A visit to this park will reveal a unique African adventure with one of the most fascinating primates!
- Trek into Kibale Forest National Park for the ultimate chimpanzee experience. There will be an opportunity to see black-and-white colobus monkey, red colobus, gray-cheeked mangabey and red-tailed monkey, too.
- Experience Queen Elizabeth National Park with a varied wildlife population, extraordinary boat cruise on the Kazinga Channel and an astonishing 547 bird species — one of the highest figures for any single protected area in the world. Include a visit to the Ishasha region.
- Game view by boat on the Victoria Nile view in Murchison Falls. Go upstream to see its dramatic waterfall; then go back downriver to see the elusive Shoebill and the continent’s largest concentration of crocodiles.

Rwanda is characterized by rolling hills and volcanic peaks with altitudes varying from 3,960 feet (1,207m) to 14,786 feet (4,507m) above sea level. Mt. Karisimbi in the Virunga range is the highest peak. Both Rwanda and Burundi are former Belgian colonies, previously united as Ruanda-Urundi. Although the country covers only 10,160 square miles (26,638-km²) it has a population of close to 12.5 million, making these fertile landscapes among the most densely populated in the world. Kinyarwanda is the predominant language, while French and English are widely spoken. The currency used is the Franc.

Rwanda Country Highlights

- Gorilla Trekking at Volcanoes National Park – it’s rated by many African experts as one of the greatest safari experiences!
- Travel to Nyungwe Forest to see 13 species of primates on top of an elevated canopy walk, or track a group of habituated chimpanzees amongst a beautiful forest.
- Enjoying a sundowner cruise on Lake Kivu, one of the most beautiful lakes on the continent.
- Akagera National Park offers visitors big game viewing.
- Visit Kigali’s Genocide Museum and Women for Women Organization. Then take a look at the city’s growing arts and restaurant scene.

Mountain Gorilla Conservation
Fifty years ago Dr. Dian Fossey set up the Karisoke Research Center high up in the Virunga volcanoes. Today 100-plus field staff work to protect the gorillas. Kwita Izina, a time-honored tradition in which Rwandan families hold a ceremony to name newborn babies, is in September each year.

Botswana is dominated by the great Kalahari Desert which is actually a varied landscape of grasslands, bush scrub and savannah. In the far northwest, the Okavango River spills out onto the deep Kalahari sands to create the magical Okavango Delta — one of the continent’s great wilderness regions. At some 224,606-square-miles (581,730-km²) Botswana is about the size of Texas (or France). The average elevation is around 3,200 feet (1,000 m) above sea level. Botswana’s population numbers some 1 million, with the great majority living in the southeast, including the capital city of Gaborone. Setswana and English are the official languages. Currency is the Pula.

Botswana
Country Highlights

- Experts say Botswana is arguably the best wildlife country in Africa for game viewing.
- Enjoy the exclusivity of private concession areas with very few guests.
- Search for the big cats (leopard, cheetah and lion) surrounded by Botswana’s stunning wetland, riverine and plains scenery.
- Enjoy mokoro (canoe) and motorboat game viewing excursions through the crystal clear waterways of the Okavango Delta.
- Marvel at the mysteries of the Kalahari Desert, from the famous Bushmen to spending time with habituated meerkats.
- Spend several nights (or all of them) in world-class luxury permanent tented or mobile tented camps.
- View elephant herds in Chobe and the Linyanti/Selinda/Kwando region that sometimes number over a hundred strong.

Zimbabwe is a scenic land consisting of a central plateau that drops down to the Zambezi and Limpopo River valleys in the north and south respectively. The average altitude is about 3,300 feet (1,000 m) on the plateau, rising to 8,000 feet (2,440 m) in the Eastern Highlands. The plateau is dominated by brachystegia (miombo) woodland, with acacia and mopane savanna in the larger valleys. A mosaic of grassland and forest occurs in the Eastern Highlands. With an area of 150,872-square-miles (390,759-km²), Zimbabwe is about the size of California (or Great Britain). The population is estimated at 16.9 million, with the capital of Harare having some 2 million inhabitants. Shona, Ndebele and English are the main languages. Multi-currency system dominated by the US dollar.

**Zimbabwe Country Highlights**

- Explore alongside some of the continent’s best professional guides.
- Be “in the adventure” while on a walking or canoe safari.
- See prized species up close – Wild (Painted) Dogs in Mana Pools, huge Elephant herds in Hwange, and both white and black rhinos in Malilangwe.
- Let the wildlife come to you at waterholes while sitting inside one of the country’s numerous hides.
- Visit Victoria Falls, not only to see the Falls, but to go on an adrenaline-fueled activity like white-water rafting down Class 5 rapids or bungee jumping!
- Enjoy Matobo Hills’ incredible scenery and learn about its amazing rock paintings.
- Marvel at the immense and ancient ruins of Great Zimbabwe, the largest stone-built structures in Sub-Saharan Africa.

Zambia is one of Africa’s least developed countries, with vast areas of wilderness and a comprehensive network of national parks protecting its wildlife. The landscape is an upland plateau ranging in altitude from 3,000 to 5,000 feet above sea level (915 to 1,525 m) with dry savannah and miombo woodland predominating. Zambia’s economy is based on copper mining, agriculture and tourism. At 290,586-square-miles (752,614-km²), Zambia is larger than Texas (or France), but has a population of some 16 million. Lusaka is the capital city with 1.7 million inhabitants. English is the official language, with Bemba, Tonga, Ngoni and Lozi widely spoken. Currency is the Zambian Kwacha.

**Zambia Country Highlights**

- Stay at one of Zambia’s bush camps and small lodges. Many of them are owner-operated, thereby offering clients personal attention that is often lacking in many larger lodges and camps.
- Experience a fantastic combination of outstanding guides, beautiful scenery and excellent game viewing.
- Go on a walking safari at South Luangwa National Park – a top destination for this!
- Visit Kafue, comparable in size to Kruger, but less than 1% of its tourists! For a breathtaking sunrise, climb aboard a hot-air balloon over Busanga Plains.
- Paddle in a canoe along the Lower Zambezi. See wildlife in a whole new perspective!
- End your safari adventure at one of Livingstone’s luxury hotels or a lodge along the Zambezi River. Make sure to tour Victoria Falls – the largest waterfall by volume in the world!

Namibia is one of Africa’s driest countries, with the Namib and Kalahari Deserts dominating the landscape. Elevation ranges from sea level on the Atlantic seaboard to some 5,410 feet (1,650 m) at Windhoek on the central plateau. In the far north, the permanent water of the Kunene and Okavango Rivers allows for productive agriculture and it is here that most of the population live. Just over 2.6 million people inhabit the 318,250-square-miles (824,268-km²) of Namibia, which is about the size of Texas and Oklahoma combined. Windhoek is the capital city. English is the official language. Currency is the Namibian Dollar.

Namibia
Country Highlights

- Watch the sunrise over the highest sand dunes in the world at Sossusvlei.
- Gaze awe-struck as you pass over Namibia’s epic scenery while onboard a charter plane or hot-air balloon.
- Visit the ancient rock engravings at Twyelfontein – a UNESCO World Heritage Site.
- Track desert-adapted elephants and black rhinos in Damaraland.
- Bask in Skeleton Coast’s austere beauty, along with sightings of seal colonies, whale bones and shipwrecks.
- Observe the pecking order of game in-action around Etosha’s and Ongava’s waterholes.
- Go to the remote Kaokoland region, where you can visit the Himba, take a boat cruise on the Kunene River, and quad bike through a fascinating landscape.

Covering some 471,445-square-miles (1.2 million-km²), South Africa is twice the size of famous Kruger National Park and surrounding areas which occupy most of the lowveld. South Africa is the largest industrialized nation on the continent but still has large protected areas including the Mozambique Channel. The country has a warm tropical climate along the eastern coast, a temperate highlands, subtropical savannah, alpine-like mountains, semi-desert and the coastal lowlands. South Africa is the southernmost continent, South Africa is an extremely diverse country with over 50 languages spoken. The melting pot of cultures is reflected in the wide range of foods available, from the traditional bush cuisine to fusion dishes that draw on the influence of the various ethnic groups. English is the official language, with Zulu, Tswana, Xhosa, Sotho and Afrikaans all widely spoken. The population is estimated at around 56 million. Pretoria and Cape Town are the capital cities but Johannesburg is the business hub. Currency is the Rand (ZAR).

INDIAN OCEAN ISLANDS

Zanzibar is only 22 miles from the Tanzania mainland and is easily accessible from Dar-es-Salaam. Zanzibar and its sister island, Pemba grow over 75% of the world’s cloves. The narrow streets and Arabic architecture of historical Zanzibar Stone Town are exceptionally mystical. The more pristine coral reefs off Zanzibar offer a superb diving or snorkeling experience. Islands off the Zanzibar mainland include:

PEMBA: Located 16 miles north of Zanzibar, Pemba is well known for scuba diving and deep-sea fishing in the Pemba Channel.
MNEMBA: A romantic, private island located 2 miles from the Zanzibar mainland. Only guests of the exclusive island lodge are permitted access.
MAFIA: A short charter flight from Dar-es-Salaam, the island has some of the best big-game fishing in the world.
CHUMBE: Located 6 miles by boat from Stone Town, this nature reserve offers forest and marine nature trails, over half a mile of protected reef, great bird watching and snorkeling.

Best Time to Go Jan-Mar, Jul-Dec

Lamu

Situated off the Kenya Coast, Lamu is usually reached by a scheduled flight from Nairobi. Its 8th century Old Town is arguably the best-preserved Swahili settlement in East Africa. The character of its African, Arabian, Indian and葡萄牙es inhabitants is firmly rooted in the maze of its narrow, winding streets and alleyways.

Best Time to Go Feb-Mar, Jun-Dec

SEYCHELLES

The individual islands of the Seychelles have a unique charm that provides a perfect add-on to the end of your safari. By island-hopping, you can combine both granite islands (Mahé, North, Praslin, La Digue, Félicité, Frégate, Silhouette, and Cousine) with coral islands (Denis, Bird and Desroches) that are unspoiled. Each island has a charm all of its own and is magnified by the friendliness of the Creole people, who are very hospitable.

An island-hopping vacation may include a variety of accommodations, from luxury and/or resort hotels to small lodges and guest houses. You can book scuba diving and snorkeling excursions from various islands and experience interesting flora and birdlife as well.

Best Time to Go Apr-Nov

MOZAMBIQUE

Off the mainland is the Bazaruto Archipelago which includes the islands of Bazaruto, Benguerra and Margaruque. The island lodges have a barefoot-type of atmosphere. There are flights from Johannesburg and Mpumalanga.

Best Time to Go Apr-Dec

MAURITIUS

The combination of a cosmopolitan atmosphere, luxury resort hotels, virgin white beaches, crystal clear waters and exquisite cuisine makes this a top international destination. Scuba diving, snorkeling, sunbathing and big-game fishing are popular.

Best Time to Go Apr-Dec

MADAGASCAR

Located off Africa’s southeast coast, Madagascar contains an unique spectrum of plants, reptiles and wildlife. It is home to 31 varieties of lemurs, 51 species of chameleons, over 300 species of butterfly and over 256 types of birds.

Best Time to Go Jul-Nov
ETHIOPIA

The second-oldest official Christian nation in the world, a visit to Ethiopia is a cultural and historical experience unlike any other.

LALIBELA is world-famous for its 12th century rock-hewn churches carved out of pink granite. Consider visiting during the holiday celebrations of Genna (Christmas).

GONDAR is renowned for its castles combining European, Arabian and Ethiopian styles. Timkat is the baptismal celebrated here.

SIMIEN MOUNTAINS is the place of jaw-dropping mountainscapes. It is also home to unique flora and fauna, including the walia ibex and baboon-like gelada.

TIGRAY is a northern region home to the Ark of the Covenant.

AXUM has a Stelae field and numerous rock-hewn churches and monasteries perched atop cliffs.

OMO RIVER VALLEY is home of some of Earth's most primitive tribes. This southern region is considered by many to be the best cultural experience in all of Africa!

**Best Time to Go**

- Omo River: Jun-Nov
- Lela & Gondar: Year-round
- Simiens Mountains: Sep-June
- Tigray: Sep-Apr

MOROCCO

Morocco is a country of mesmerizing juxtaposition. Its riads are placid oases in fast-paced, tantalizing Medinas. Landscapes vary from oceans, mountains, oases and deserts. Welcome to the land where medieval and modern blend seamlessly to delight the senses.

MARRAKECH, founded over 1000 years ago, is perhaps the most famous city. You will see an exotic, enticing combination of the medieval Medina and the modern in the "Red City." This is where you'll find some of the country's best Moroccan, French or fusion cuisine.

FES is most famous for its 9th century university (madrasa) - the oldest in the world. A visit would not be complete without walking through its UNESCO World Heritage Site Medina. Immerse yourself in the sights, sounds and smells of the artisans and peddlers that line the alleyways of this beguiling, yet majestic city.

Trekking in the ATLAS MOUNTAINS is a highlight for many: see snow-capped peaks, lush valleys and visit Berber villages.

Try a BEDOUIN CAMP among the sand dunes near MERZOUGA in the Sahara Desert. Be sure to visit the Ksar of AIT BENHADDOU and the oasis towns of OUARZAZATE and SKOURA en route!

**Best Time to Go**

- Oct-May

EGYPT

From the Great Pyramids of Giza to the tombs within the Valley of the Kings, visitors will be awe-inspired by Egypt's monumental architecture and artwork.

CAIRO, the Islamic world’s largest city, is well-renowned for the ancient treasures in the Egyptian Museum and the soon to be open Grand Egyptian Museum (GEM). The city also contains fascinating relics of its glorious medieval era: museums, mosques and bazaars. Day trips to Memphis and Sakkara can be arranged!

NILE CRUISES are the best way to explore Egypt's historical sites between Luxor and Aswan. Your comfortable cruise ship includes en suite cabins, a sun deck with a pool, dining room, and lounge. Visit Edfu’s Temple of Horus and Kom Ombo, Philae, and Karnak en route. Request Abu Simbel add-on!

Zimbabwe Schools: We continue to sponsor over 400 children at three schools near Hwange as part of the Children in the Wilderness feeding program. We also identify children to sponsor with their high school education. Our annual donation is used to support monthly payments for internet connection.

Tanzania Schools: Schools we have partnered with are located near Arusha, Tarangire and Lake Eyasi.

Tanzania Scholarships: We have an education fund for over 35 children of the Tanzania guides who take our clients on safari.

Uganda Scholarship: AAC has a new sponsorship commitment in the Buhoma community.

Tanzania Guides: We award an annual Guide of the Year award to recognize a wildlife naturalist who has excelled at the highest level. Ephata Lotashu, Hillary Mandia and Emmanuel Mkenda are past winners!

Botswana Guides: We sponsor the opportunity for camp guides to improve their specialist knowledge providing them with private guiding opportunities that many of our lucky clients enjoy on a complimentary basis.

Children in the Wilderness: An inspirational project for local children to attend and be hosted for 3 days in Wilderness camps in their five regions. We focus on and support the Zimbabwean children.

Mana Pools Bushlife Conservancy: We give a yearly donation on behalf of all the clients we have booked at Vundu Camp for their on-going work with the park rangers and anti-poaching efforts.

Mother Africa Organization: We continue to donate and support their community and conservation projects in Matobo Hills.

Wilderness Wildlife Trust: We are major supporters of Wilderness Safaris in Botswana, Namibia, Zimbabwe, Zambia and South Africa. Beyond the outstanding safari experience they deliver, we know that for every bed-night we book with them, a portion of the price goes to the Wilderness Wildlife Trust. This is a true commitment to sustainable photographic tourism.
### #1 Choosing the Right Camera
Digital Compact Cameras - fixed zoom, are affordable and portable and take great pictures of people, landscapes and close subjects. DSLR - These cameras produce high resolution photographs and have interchangeable lenses. They require skill, more gear and are more expensive but the photograph quality is unrivalled.

### #2 Lenses
Consider at least two lenses for safari, one for scenery and one for more distant subjects, e.g. a 24-70mm wide angle to mid-range zoom and a 70-300/400mm telephoto zoom lens. A great option is to have a camera body for each lens to save time and ensure you get the right shot with the right lens at short notice.

### #3 The Rule of Thirds
A composition secret that helps you take well-balanced, interesting photos by visually dividing the frame up into nine equal boxes and placing your focus subject and horizons strategically within them. This helps create a sense of depth in your photograph and it highlights your subject.

### #4 Master the Exposure Triangle
Learning the relationships between aperture, shutter-speed and ISO will help you feel comfortable shooting in manual mode. Adjusting one usually requires you to consider adjusting another to your desired results. Practice before you go on safari.

### #5 Avoiding Camera Shake
Blurry pictures are often a result of camera shake. Hold your camera close to your body with one hand on the lens and the other on the camera itself. Invest in a tripod, monopod or bean bags for extra stability, and ask your guide to turn off the vehicle.

### #6 Lens Filters
Lens filters not only protect your lenses while on safari but they can also help reduce reflections from the water and other light surfaces. They can improve the color of foliage and the sky and enable you to shoot better quality pictures at difficult times of day. Try a polarized lens for the best effects.

### #7 Experiment with Shutter Speed
Adjusting shutter speed makes for compelling photographs when shooting moving objects, running water or the night sky. A slow shutter speed will capture movement and light trails and a fast shutter speed will freeze a moving object sharply in time. Always try and use a tri-pod when using slow shutter-speeds.

### #8 Choosing the Right ISO
Morning and evenings usually have the best lighting and are when wildlife is usually most active. ISO 200-400 is usually best at these times but if it is too dark increase your ISO up to 1000 and as it gets lighter, decrease it again.

### #9 Camera Care
Safaris can be dusty, wet and humid. Take water-proof bags and dust-cloths to protect your camera. Use a dust-blower or brush to clean your lenses every day. Ensure your camera bag has sufficient padding for bumpy drives and never leave your camera in the harsh African sun!

### #10 Photographing on Safari - Book a Private Vehicle
Organize your equipment in the vehicle so it is easy to grab in a moment’s notice. Don’t use flash when photographing wildlife as this may agitate or frighten them. Respect an animal’s personal space. Bring extra batteries and SD cards. Don’t forget to have fun! Bonus Tip: Don’t view your entire safari through a viewfinder!

1. **We wrote the definitive guide book on safaris to Africa** The President of our company, Mark Nolting, has written, "Africa’s Top Wildlife Countries", the quintessential book on traveling to Africa - and a testament to our level of expertise and dedication to giving you up-to-date information. **New 9th edition!**

2. **We specialize ONLY in Africa** While many companies offer trips all over the world, our work is focused only on Africa. This has enabled us to become experts in designing African safaris, foster close relationships within the industry and benefit from special pricing on the trips we feature. Our insider knowledge of Africa is unsurpassed. We’ll provide you with special access to places, guides and events that are unavailable to travelers who book online.

3. **Award winning CUSTOMIZED travel planning** We pioneered customized safari travel in Africa. After 25 years it was thrilling to have TRAVEL + LEISURE select a smaller, bespoke company in their World’s Best Awards. The prestigious recognition landed us in the “world's best safari outfitter” category and is testament to our excellent customer service and expert knowledge.

4. **One of the world’s top Travel Specialists** We offer first-hand, unbiased advice. All of our consultants go back to Africa every year to stay on top of product knowledge, so there is always someone who has been where you are going! **CONDE NAST TRAVELER** has recognized us as one of the World’s Top Travel Specialists and Tour Outfitters - for 16 years in a row! Mark Nolting has also been on Travel+Leisure’s “A-List” for 11.

5. **Affordable independent and private safaris** Many people expect private and independent safaris to be very expensive, but our clients are delighted to discover that they do not have to join a group of strangers in order to afford a great customized safari. Independent travel has never been easier.

6. **Value-added adventure!** Offering safari trips to over 14 African countries, there are hundreds of parks and game reserves, safari activities and a wide range of accommodations to choose from. We do not have to tie you into one line of properties and destination. Rather we match the ones to best fit your travel style with exclusive access to some of the best guides.

7. **Sustainable tourism and eco-conservation** In recognition of our commitment, **NATIONAL GEOGRAPHIC** selected us as one of the Best Adventure Travel Companies on Earth. We have whole-heartedly promoted local ground operators and guides, eco-accommodations and community projects that are supporting the merits of low impact travel and the survival of habitats.

8. **Safari trips with a purpose** Our award winning travel planning is based on more than game viewing; there is purpose to making a difference! We are very involved in many African communities, giving back to conservation projects, and supporting guides at grass roots levels. At the community level we assist student education through funding of scholarships. For conservation, a percentage of booking revenue in a variety of camps goes to supporting local projects. And we run and support guide initiatives recognizing wildlife Naturalists who excel at the highest level. Because of our involvement, we were awarded the **Tanzania Tour Operator Humanitarian Award** by the Tanzania Tourist Board.

9. **Our In-House air department** Our IATA/ARC in-house air department completes the planning process with flight arrangements. By booking your air with us, we can assist if flights are changed or cancelled. And should there be a travel emergency, we can be reached 24/7.

10. **Our clients come back for more!** Over 70% of our business is repeat clients and referrals! What a testament to the quality of our services, and of course, the incredible beauty and wildlife of Africa!
