The visit enables you to see the customs and traditions and watch their fields being tendered. Continue to the village's local school.

The school is closed on Saturday and Sunday.

\$75.00 per person – minimum 2 people

Visit Jabulani or Chinotimba (schools which The Africa Adventure Company sponsors)

The word Chinotimba describes the roar of the water from the mighty Victoria Falls in the local Nambya language. The Nambya and the Tonga people are the original people of the Victoria Falls area. The majority of people in Victoria Falls live in the Chinotimba Township, which has a population of approximately 60000 people. During this tour, guests will have an opportunity to observe township-life - from the oldest houses to the taverns, the local market and churches.

Jabulani Primary School is situated approximately 13 miles from Victoria Falls. This rural school has come from humble beginnings but thanks to generous donors, the school has grown with the installation of a borehole, classrooms, desks and text books.

During a visit to either school clients are introduced to the school headmaster - he or a teacher will take you on a tour of the school after which the children may sing a song (Please note that school visits are subject to the schools being open, traditionally school holidays fall within mid-December to January, early April to mid-May and mid-August to mid-Sept. Schools are closed Saturday and Sunday).

\$75.00 per person – minimum 2 people / No age restriction

Visit Rose of Charity Orphanage and Chamabonda School

Rose of Charity focuses on protecting, caring for, and supporting children of the Victoria Falls community. Children of all backgrounds are welcomed, especially those who require economic and psychosocial support due to homelessness, disease, and poverty. HIV-positive children in particular, educated and treated at Rose of Charity, are encouraged to integrate into the community of local children to remove the stigma of the disease.

Chamabondo Primary School is situated in the high density township of Mkhosana, Victoria Falls. The school has 1,800 pupils and 49 teachers. Their classes start from Early Childhood Education Grade Zero to Grade Seven. Each grade has six classes of about 45 children.

Donations are welcomed at the orphanage in the form of children's clothing for boys and girls such as t-shirts (ages 3-10), pens, pencils and crayons. Please do not make monetary donations directly. We recommend you go through a reputable organization to ensure your monetary contribution reaches the children.

Duration: 2 hours
