

All the places we stayed at were just perfect. The food, accommodations, and the people were wonderful. Two Best things about the trip were the Balloon Ride and the Shared Safari Camp. Everyone knew their jobs and were very accommodating and made the trip better because we experienced their warm hospitality.

My most favorite part of the trip, was to stand in the open roofed truck and experience the huge expanse that is Africa and all the wonder that follows on such a grand scale. It was everything I thought it would be, and if possible more. We are grateful. Thank you.

Sincerely,

Bernie and Keith Keller

Our guides (Hillary Mandia, Davis Matafu and Elibariki Pallango) were again fantastic. All were very knowledgeable and could clearly communicate about the animals, the country and the culture. They were very patient in answering the numerous questions of both the adults and children (6 to 15 years of age). We never saw a moment of frustration. We became very attached to them. They were family and all of us were sorry to part with them at the Seronera airstrip. They were very competent drivers of our three vehicles.

The accommodations were perfect, a mixture of hotel comfort and opulence, cabins on stilts (with zebras and gazelles grazing 20 feet from the door), farmhouse gardens and rooms to comfortable tents on the plain with hyenas running past in the evening light).The 5 dayrooms and lunch at the Mt Meru hotel were appreciated. Thanks to all at AAC for making this trip so successful and we will be spreading the word on AAC to all our friends.

Paulette and Jack King
