

MEDICAL WAIVER FOR GORILLA TREKKING

I, _____, acknowledge that I have been advised by Global Travel Marketing, Inc. (“The Africa Adventure Company”), that my gorilla trek is very strenuous, takes place at high altitude and in remote areas far away from medical aid.

I can engage in:

- Strenuous hiking averaging 2-4 hours per day or more of sustained walking, often over rough terrain, but not involving any technical climbing.
- Hiking in altitudes over 6,000 ft (1800 m), although not generally above 11,000 ft (3400 m), is possible.
- These trips are in a remote area.

As a condition of my participation on this trip, I understand and agree that if I trek I will do so at my own risk. I agree not to hold The Africa Adventure Company liable for any consequences of the trek, including but not limited to, any illness, injury or death that I may suffer during the trek. I further understand that medical aid may be unavailable during the course of my trek, evacuation to any medical facility difficult and lengthy, and agree not to hold The Africa Adventure Company liable for any injury, illness or death suffered as a result of the unavailability of, the quality of, or delay in medical aid in the course of my trek.

Signed: _____
