LUSAKA TOURING

Lusaka City Day Tour

You will be collected from your hotel at 08:00 and embark on your Lusaka City Day Tour.

During this tour you will drive along one of the oldest roads in Lusaka, Great East Road, past the Parliament buildings and the University of Zambia before heading to Cairo Road and the CBD of Lusaka.

Welcome to the CBD! The hustle and bustle of Lusaka, here you will drive past the historical buildings of Lusaka, and see what life is like in the center of town.

On your way back in, you'll be driven down Independence Avenue which takes you past State House, the Zambian Supreme Court, the Cathedral of the Holy Cross, and our Freedom Statue which symbolizes the end of colonialism in Zambia.

On the same road we have Dr Kenneth Kuanda's Chilenge House (the first president of Zambia), Lusaka Museum and Embassy Park, if you are interested there are guides at each location who can give you a quick tour of the places.

Depending on time, and what your interests are, great options available in the Lusaka City Tour are:

Kabwata Market: a cultural village that has several little knickknacks and souvenirs from all corners of Zambia – and a great opportunity to take some things back home with you!

Chikumbuso Project: a community project which helps women and orphans to become educated as well as develop various skills to help them with the future.

Lusaka Elephant Nursery: Elephants that are orphaned in the wild, are rescued and rehabilitated by Game Rangers International (a non-governmental organization based in Zambia). This is the first elephant orphanage in Southern Africa and only one of a few on the continent. Once the elephants are old enough to be weened from their milk, they are transferred to Kafue National Park and eventually back in to the wild.

The viewing time at the orphanage happens daily at 12h00.

Lusaka Collective: the name is as it suggests, they are a collective of Zambian artisans. This shop has some stunning pieces, all proudly Zambian and great novelties to take back.

Art Galleries: a few great galleries around Lusaka to see are the Lechwe Trust, 37D Gallery and Henry Tiyali.

Enjoy lunch at a local restaurant before returning to your hotel in the afternoon.
