Trip Report:

Tafika Camp was a very pleasant open facility with everyone helpful and engaging. Food and particularly lunches were great. We had the experience of tracking a lion on foot and discovering him lazily laying in the shade watching us as we watched a giraffe. Morning tea in the bush with a fire started with a stick and a board was memorable. On a night drive we spotted a mother and baby leopard. Before we knew it another leopard entered the area and a brief territorial dispute took place. Pretty intense! We also saw a wild dog take down an impala and then leave the area for a few minutes. Sixteen dogs returned and in a few minutes the kill was entirely gone. An impromptu visit to a nearby village that is home to all support staff and local guides was a fun and unique experience. We talked to villagers, visited the school, children sang to us and we all danced! Local guide Lloyd was particularly charming as he entertained us with a bush quiz as we waited for the second flight to Old Mondoro.

What a great trip, what a great adventure and experience! Thank you so much!

Tafika was very good. The staff and owners were also wonderful as well as the safari guides. Again, we like that there was a maximum of 4 in a vehicle. We were not interested in doing a walking safari or riding bicycles although others in the camp did and enjoyed it...We particularly enjoyed seeing the large numbers of cranes fly in.
